

JOE DIXON PE | SENIOR PROJECT MANAGER

Joe has worked with Swenson Say Fagét for nine years. He provides structural engineering solutions for a variety residential and non-residential projects. As a project manager, Joe is skilled at guiding projects of any size from conceptual design through the construction completion. He works side-by-side with the architect, builder, owner, and other consultants to produce creative solutions while adhering to budget and schedule needs. Joe's excellent communication and organizational skills are an asset to the entire team.
