

## EVIN GIBSON PE, SE | PROJECT MANAGER

### > Education

B.S.C.E.

University of Washington | 2005

### > Registration

Washington

### Experience

Evin Gibson joined Swenson Say Fagét in 2005. He works extensively on Swenson Say Fagét's multi-family/mixed-use and hospitality projects, and he designs structures for a variety of other building types from high rise developments to single family homes. Evin enjoys working closely with building owners and the design team to provide sound structural solutions, and he maintains involvement on his projects through construction completion.
