

GARY MACKENZIE | PRINCIPAL

> Education

Bachelor of Science, Architecture
Washington State University | 1976
Bachelor of Arts, Architecture
Washington State University | 1977

Gary has over 40 years of experience as a structural engineer in the Seattle area. He has worked extensively with public agencies, municipalities, universities, school districts and commercial real estate companies. In addition, he is well versed in the needs of high-end residential structures. With a degree in architecture, he brings a unique understanding of designing structures that support the design vision. He is an authority on complex wood detailing and advanced framing techniques. Gary's responsibilities include structural design, project management, office production and staff mentorship.
