

## RYAN MCKINNEY PE, SE | PROJECT ENGINEER

### > Education

Master of Science in Civil Engineering  
University of Washington | 2011

Bachelor of Science in Civil Engineering  
University of Washington | 2010

### > Registration

Washington, California

### Experience

Ryan began his structural engineering career in 2011 working on hospital, office park and mixed-use facilities. In 2014 he joined SSF and has proven to be a resourceful, self-motivated, natural leader. Through his knowledge of multiple analysis and engineering-related computer programs, Ryan provides efficient and effective structural solutions for wood, concrete, brick and steel construction systems. Like many engineers at SSF, Ryan enjoys working on a wide variety of project types as illustrated below.

### Commercial Office
