

ROBERT HENRY PE | PROJECT MANAGER

> Education

Bachelor of Science in Architectural Engineering)
California Polytechnic State University | 2005

> Registration

Washington

Experience

Robert joined Swenson Say Fagét in 2004. His experience includes a wide-variety of project types such as faith, renovation, commercial and residential. His designs utilize all structural building types. Robert provides creative solutions for new projects and additions. He is particularly skilled at evaluating current structures and designing innovative and cost-effective structural solutions.
